Software Engineer

Full Stack Developer with experience using frontend and backend technologies such as JavaScript, React, Ruby, Rails. I love combining the worlds of logic and creative design to create eye-catching, accessible, and user-friendly applications. My unique experience of living and working in Dubai as a flight attendant demonstrates my excellent communication skills and ability to collaborate in multicultural environments. I'm a fast learner and a strong team player with the ability to solve problems in a timely manner, I'm Passionate and eager about learning, staying current with new technologies and frameworks.

TECHNICAL SKILLS

JavaScript (ES6), React, Redux, Ruby, Rails, HTML, CSS, SQL, jQuery.
